Deputy Ministry of Education**

Midwifery
Degree: Master of Science (MSc)

Total Course Credits

- Core: 16
- Non-core (Elective): 10
- Thesis: 6

Program Description

The field of Midwifery consists of a series of theoretical and empirical training courses. Training committed and skilled workforce with the ability to provide specialized obstetric services in various fields of health, education and research, with a community-oriented approach, is the main mission of the program. This program was first launched in 1984 at Tarbiat Modarres University, Tehran, Iran.

Admission Requirements

- Passing the entrance exam in accordance with the rules and regulations of the Ministry of Health and Medical Education
- Having a Bachelor's degree in Midwifery or Nurse-Midwifery approved by the Ministry of Health and Medical Education

Expected Competencies at the End of the Program

***General Competencies**

Specific Competencies and Skills

At the end of the program learners will be competent in the following skills:

1. Providing midwifery and reproductive health services (health, education and care)
2. Conducting research projects in the field of midwifery and reproductive health in the educational and research centers
3. Implementing educational programs in the field of midwifery and reproductive health in the educational and research centers
4. Providing consultancy, planning and management services in the field of midwifery and reproductive health in the health care, educational and research centers
5. Interpreting the pregnancy test results
6. Providing health education concerning sexual and reproductive health
7. Providing traditional and contemporary family planning methods
8. Providing screening services for breast, cervical, and other genital tract cancers

Educational Strategies, Methods and Techniques

Student Assessment (Types and Methods)

- Formative (quizzes and midterm Exam)
- Summative (Final Exam)
- Oral and written exams, observation, clinical competence assessments
- (OSCE, OSLE, OSFE, DOPS, 360 degree evaluation competency)
- Portfolio assessment: Logbook, test results, reports, articles, certificates, promotions, etc.

Ethical Considerations
